

MARIPOSA COUNTY

Public Works • (209) 966-5356

RESOLUTION - ACTION REQUESTED 2013-353

MEETING: August 20, 2013

TO: The Board of Supervisors

FROM: Peter Rei, Public Works Director

RE: Authorize the Solid Waste Division to Apply for Recycling Grant

RECOMMENDATION AND JUSTIFICATION:

Authorize Public Works Solid Waste Division to Apply for the Department of Conservation (DOC) Beverage Container Recycling Grant to Expand the Community's Beverage Container Recycling Program to Include the County's Four Transfer Stations.

The Board of Supervisors has always promoted recycling in Mariposa County. The proposed DOC grant would help expand recycling opportunities and increase the recycling rate in Mariposa County.

Currently, the state mandates a 50% recycle rate which Mariposa County is having difficulty achieving. This program will show a good faith effort to increase recycling and defer any fine that may be imposed.

BACKGROUND AND HISTORY OF BOARD ACTIONS:

On October 21, 2008, per Resolution No. 98-492, the Board approved a similar request to expand the community's beverage container recycling program by locating recycling bins at multi-family housing communities such as trailer parks, senior housing and apartment complexes.

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:

FINANCIAL IMPACT:

Currently the grant amount is not budgeted. If we receive the grant award an agenda item will be submitted to allocate the funding.

Application Information

Applicant: Mariposa County
 Cycle Name: Beverage Container Recycling Grant Program
 Cycle Code: RBC25
 Grant ID: 14943
 Grant Funds Requested: \$ 168,732.00
 Matching Funds: - (if applicable)

Application Due Date: 7/17/2013
 Secondary Due Date: 8/20/2013

Project Summary: These funds will be used to start a pilot CRV redemption program in three remote rural areas of Mariposa County. A portion of these funds will be used to purchase scales and storage buildings for the Coulterville, Hornitos and Fish Camp transfer stations, which will allow these sites to be certified as CRV redemption centers, providing more convenient recycling of beverage containers by residents, businesses and tourists. Some of the funds will also be used to hire a local resident to staff the sites three days a week and to provide administrative support. In addition, a portion will be used for education and outreach, including, but not limited to, advertisements, press releases, fliers and presentations to local groups. It is estimated that approximately 1,000 pounds of aluminum, 500 pounds of plastic and 5,000 pounds of glass will be collected at each site per month.
