

MARIPOSA COUNTY

Public Works · (209) 966-5356

RESOLUTION - ACTION REQUESTED 2016-445

MEETING: August 16, 2016

TO: The Board of Supervisors

FROM: Tony Stobbe, Public Works Director

RE: Authorize Sale of Retired / Surplus Fleet

RECOMMENDATION AND JUSTIFICATION:

Approve the Items Listed in Exhibit "A" as Retired or Surplus Equipment and Authorize the Public Works Director to Direct the Sale and Disposal of These Items at Public Auction, to Deposit Any Net Proceeds Received in the Appropriate Vehicle Replacement Fund Account, and Authorize the Public Works Director to Dispose of Items that Do Not Sell in a Manner Advantageous to the County.

From time to time the Department will seek approval from the Board to sell at Public Auction surplus and retired vehicles and equipment that have reached their life cycle mechanical expectation of reliability and dependability. The vehicles and equipment contained on Exhibit A are those meeting this criteria and are currently being stored at the Public Works Facility. Ideally we would seek this authorization annually but in this case it has been over two (2) years since the last auction of these type which explains the larger than normal list of auction items.

Vehicles and equipment that don't sell in the auction, will most likely be sold as scrap metal.

BACKGROUND AND HISTORY OF BOARD ACTIONS:

The Board has traditionally authorized the sale at Public Auction of Retired and or Surplus equipment.

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:

This equipment would continue to take up valuable space at the Public Works Facility and continue to diminish in value from what may be obtained at auction.
