

CALAVERAS-MARIPOSA COMMUNITY ACTION AGENCY (CMCAA) REQUEST FOR PROPOSAL COMMUNITY SERVICES BLOCK GRANT 2018

QUESTIONS RECEIVED BY NOVEMBER 7, 2017

- 1) What if you do not have any pending applications, to add into section 8 of the RFP?

Answer: If you do not have any pending applications for new grants/funding, you will indicate NONE on this section.

- 2) Are Agency's allowed to submit multiple applications from separate programs in the agency?

Answer: One application for each agency. You should describe the projects in the grant narrative and complete one budget that includes the total costs for all projects.

- 3) If an agency does not have a board resolution prior to the 11/27/17 proposal deadline, will that disqualify the agency? Would it be allowable to present a board resolution prior to 1/1/2018?

Answer: A resolution or other valid document can be submitted with the RFP proposal OR will need to be submitted prior to the contract being awarded. This document should be attached as "Exhibit 1" in the proposal or the applicant should indicate it will be provided to CMCAA prior to the contract being executed, if the organization/entity is awarded funding.

- 4) If the agency is not located in Calaveras or Mariposa counties, however the agency will provide services to residents in these counties, can we still apply?

Answer: Yes, organizations/entities are eligible to apply if they will provide CSBG services for residents in Calaveras and/or Mariposa counties. The services will need to be available for residents from one or both counties.

The Request for Proposal for CSBG 2018 funding

Deadline November 27, 2017 at 4:30pm
