RESOLUTION - ACTION REQUESTED 2018-116

MEETING: March 20, 2018

TO: The Board of Supervisors

FROM: Mike Healy, Public Works Director

RE: Rescind Resolution 2018 - 15 and Enter in as Needed Snow Removal Services with NPS

RECOMMENDATION AND JUSTIFICATION:

Rescind Board Resolution 2018-15; and Authorize the Public Works Director to Enter into and Sign a Revised Agreement with the National Park Service for Snow Removal Services on an As-Needed Basis.

BACKGROUND AND HISTORY OF BOARD ACTIONS:

On January 9, 2018 the Board Passed Resolution 2018-15 which allowed for an Agreement with the National Park Service for Snow Removal Assistance on an As Needed basis. Post passage the Park Service made minor adjustments to the contract which they originally provided thus causing the need for the County to vacate the previous Board Action and bring forward for Board consideration the revised contract. County Counsel has reviewed and approved the revised contract for submission to the Board.

At certain points of the winter snow plowing season in Yosemite West larger snow plowing / snow blowing equipment that the County does not have in it's equipment inventory would be more cost effective to deploy. In discussions with the Park Service they have agreed to assist in this regard on a per hour cost basis for use of their larger more efficient equipment on an as-needed basis upon request by the County. This agreement will allow the Public Works Department to contract for these services when needed and when deemed cost effective.

The County does contract for snow removal services such as in Fish Camp.

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:

The Facilities Division would not be able to take advantage of cost cutting and more efficient equipment use during the winter season.

FINANCIAL IMPACT:

Resolution - Action Requested 2018-116

There is no financial impact as these services if required will be funded by Yosemite West Road Funding Resources.
