

MARIPOSA COUNTY

Public Works · 209 966 5356

RESOLUTION - ACTION REQUESTED 2019-71

MEETING: February 5, 2019

TO: The Board of Supervisors

FROM: Mike Healy, Public Works Director

RE: Authorize Submission of Federal Grant Application for Airport Improvements

RECOMMENDATION AND JUSTIFICATION:

Authorize the Director, Public Works & Transportation to File a US Department of Transportation Application for Federal Assistance to Fund Design and Construction of Airport Airfield Improvements.

Specifically, this application will fund the design and construction of airfield apron and runway pavement improvements as well as improve overall airfield drainage.

This application package is a part of annual planned Airport improvement strategy that will use this funding program to deliver necessary improvements while minimizing the funding impacts on the County government.

BACKGROUND AND HISTORY OF BOARD ACTIONS:

The County has routinely filed applications for available Federal Assistance to fund Airport Improvements. The County has been very successful in receiving Federal and State Assistance to fund past Airport Improvement Projects.

The attached grant application may change slightly to maximize the competitiveness of our project proposal. Should the Board approve filing this application staff will report to the Board receipt of any application determination by Federal Authorities and the level of local share, if any, along with a funding strategy, if required.

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:

Should this request not be approved that County will miss an annual funding cycle for much needed Airfield Improvements.

FINANCIAL IMPACT:

This grant application has a maximum local share of 10% of which the County can apply for up to 5.5% assistance from Caltrans Aeronautics. The US Department of Transportation has the ability to fund this project at the 100% level post application and staff will promote this project toward full funding with Federal Authorities.
