Presiding Judge of Superior Court

Honorable Michael A. Fagalde

Lake Don Pedro Community Services District greatly appreciated the professional, thorough review conducted by Mariposa County Grand Jury. The full Grand Jury Report was received on July 1st, 2021. In this report there were three recommendations listed, that invited a response within 90 days. Please see responses below:

R1. Current, and future BOD's should support the GM's efforts to upgrade the system.

Since my arrival in the District 6/10/18, I have had the full support of LDPCSD Board of Directors. I was brought to the District to repair our aging distribution system, and with the full support of BOD's we will continue to do so.

R2. GM develop formal complaint log to assist the District staff in tracking, and responding to customer complaints within 90 days of publication of this report.

This has been completed. I take every customer complaint myself. LDPCSD administrative staff documents accordingly.

R3. Update website to accurately reflect the status of key facts, such as certification status.

This has been completed. I currently manage the Districts website, and am working to gain more knowledge in updating, and editing our site.

Thank you,
