Public Participation Plan

Mariposa County Local Transportation Commission

Mariposa County Local Transportation Commission maintains systems to gather stakeholder input regarding agency services and conducts public relations and outreach activities in order to create meaningful opportunities for public engagement as outlined below.

Purpose of the Public Participation Plan

As part of the Title VI Program, Mariposa County Local Transportation Commission is bolstering its public participation processes and enhancing its strategies for engaging under-served groups, including those with limited English. This plan outlines the importance of and provides guidelines for involving the public in Mariposa County Local Transportation Commission’s planning efforts to ensure that all groups are represented and their needs are considered.

Public Outreach Efforts

Mariposa County Local Transportation Commission reaches out to the community directly through meetings with other county agencies and community staff and their clients as needed; information regarding Mariposa County Local Transportation Commission services is disseminated at these various meetings.

Every six months, Mariposa County Local Transportation Commission’s staff participates in the Mariposa County Social Services Transportation Advisory Council (SSTAC) meetings. Staff also collaborates with the Mariposa County Local Transportation Commission during vital session regarding transportation planning and at its annual Unmet Transit Needs hearings. The Unmet Transit Needs process invites public testimony either in-person at the hearing, by USPS mail, or via email where a name and local address are provided.

Transit staff also participates in the development of the “Public Transit Human Services Transportation Coordination Plan,” the “Short Range Transit Plan,” and the Regional Transportation Plan.

Updated: 8/28/20
The following is a brief summary of outreach efforts conducted by Mariposa County Local Transportation Commission for the past three (3) years:

- Public meeting for updating the “Public Transit Human Services Transportation Coordination Plan” held on 01/30/15
- SSTAC meetings to discuss any “unmet Transit Needs” held on the following dates: June 13, 2019 and June 4, 2020
- Mariposa County Local Transportation Commission’s Annual Unmet Transit Needs Hearings on November 13, 2018 and June 23, 2020

Below is a summary of outreach efforts conducted by the Mariposa County Local Transportation Commission, on behalf of Mariposa County Local Transportation Commission, as they relate to Title VI requirements under the Public Participation Plan. Many of our activities are conducted in partnership or ad hoc outreach with other service organizations and non-profit agencies within the community. Again, this is in no way a complete list, but rather documents the agency’s outreach efforts as they relate specifically to minority and low-income populations.

- **Contact List:** The Mariposa County LTC staff maintains a master list of all contacts, including public agencies, businesses, community groups, and members of the public. This list is used to establish and maintain a list of e-mail and regular mail contacts for general communications, and electronic meeting notifications, and announcements. See attached Meeting Notification/Announcement/General Communication flyers.

- **Legal Advertisements:** Legal notices are required to be published in a newspaper of countywide circulation. Mariposa County LTC typically publishes notices in the Mariposa Gazette. Notices for items that may be of greater regional concern may also be published in the Foothill Express and the Yosemite Highway Herald. Notices may advertise meetings, agendas, or public comment periods on proposed plans, programs, or documents. The time frame required for publication of legal notices relating to transportation planning is generally 30 days.

- **Project Workshops / Open Houses:** Public workshops are often held during development of various transportation plans. Workshops may be held at the initial stage of plan development and later on in the process to allow the public opportunity to comment on a draft plan or project concept. These are typically casual, open meeting formats. Notices of workshops may be advertised in the newspaper and the website.

- **Public Hearings:** Public hearings are used to solicit public comments on a project or issue being considered by the Mariposa County LTC. Hearings provide a formal setting for citizens to provide comments to the Mariposa County LTC or other decision making body. The requirement for a formal public hearing is usually 30 days prior to the hearing.

- **Availability of Plans and Documents:** Documents at all stages will be available for review by the public at the Mariposa County Public Works Department and on the Mariposa County Public Works website. A copy of key regional draft documents, such as the RTP, may also be made available at other locations throughout the County, such as the public libraries.

Updated: 8/28/20
Other Possible Tools for Public Outreach:

- **Display Ads:** Display ads in newspapers may be used to promote meetings that are not regularly scheduled or agenda items that may be of wide public interest. They are used to reach a larger audience than those that typically read legal ads. Display ads may also be used to advertise public comment periods on proposed plans, programs, or documents.

- **Direct Mailings:** Letters or announcements may be mailed to lists of individuals or agencies regarding a specific project. The mailing list will be customized for each project.

- **Posters and Flyers:** Typically used to promote public workshops or meetings. The posters and/or flyers would be distributed at public places, such as county offices, libraries, etc. The announcement may contain a brief description of the purpose of the meeting/workshop, the time, location and contact information. Posters and flyers may be used to reach a larger group of individuals that cannot usually be reached by direct mailings.

**Mariposa County Local Transportation Commission Website**

Mariposa County Local Transportation Commission information meeting notices and announcements on the agency's website at www.mariposacounty.org/transportation. Additional public input can be obtained by the Title VI Complaint Form, which is available as a download in English and Spanish.

Language Assistance Plan

Overview

The first section in this document describes the purpose of the Language Assistance Plan (LAP). The second section in this document provides the four-factor Limited English Proficient (LEP) analysis as outlined by the Department of Transportation (DOT) used to identify LEP needs and assistance measures. The four-factor LEP analysis includes:

- **Factor 1**: The number or proportion of LEP persons in the service area who may be served by Mariposa County Local Transportation Commission.
- **Factor 2**: The frequency with which LEP persons come in contact with Mariposa County Local Transportation Commission service.
- **Factor 3**: The importance of services provided by Mariposa County Local Transportation Commission to the LEP population.
- **Factor 4**: The resources available to Mariposa County Local Transportation Commission and overall cost to provide LEP assistance.

The third and final section discusses the implementation of the Language Assistance Plan (LAP), which includes methodologies for identifying LEP individuals, providing services, establishing policies, monitoring the LAP, and recommendations for future LAP implementations.

Purpose of the Language Assistance Plan

This Limited English Proficiency Plan has been prepared to address Mariposa County Local Transportation Commission’s responsibilities as a recipient of federal financial assistance as they relate to the needs of individuals with limited English proficiency language skills. The plan has been prepared in accordance with the following federal mandates:

- **Title VI of the Civil Rights Act of 1964** prohibits discrimination on the basis of race, color, and national origin in programs and activities receiving federal financial assistance. One critical concern addressed by Title VI is the language barrier that Limited English Proficiency (LEP) persons face with respect to accessing information about and using transit service. Transit operators must ensure that this group has adequate access to the agency’s programs and activities, including public participation opportunities.

- **Executive Order 13166**, titled “Improving Access to Services for Persons with Limited English Proficiency,” forbids funding recipients from “restricting an individual in any way in the enjoyment of any advantage or privilege enjoyed by others receiving any service, financial aid, or other benefit under the program,” or from “utilize[ing] criteria or methods of administration which have the effect of subjecting individuals to discrimination because of their race, color, or national origin, or have the effect of defeating or substantially impairing accomplishment of the objectives of the program as respects to individuals of a particular race, color, or national origin.”
- **FTA Circular 4702.1B** was developed by the Federal Transit Administration (FTA) and details the administrative and reporting requirements for recipients of FTA financial assistance to comply with Title VI and related executive orders including on LEP.

The United States Department of Transportation (DOT) published guidance that directed its recipients to ensure meaningful access to the benefits, services, information, and other important portions of their programs and activities for Limited English Proficient (LEP) customers. LEP individuals are those who do not speak English as their primary language and have limited ability to read, write or understand English.

Mariposa County Local Transportation Commission’s goal is to provide meaningful access for LEP customers to all of its services. Efforts to effectively engage LEP individuals will ensure that Limited English Proficient (LEP) persons can equally contribute to and benefit from the development and improvement of Mariposa County Local Transportation Commission services.

The plan outlines how to identify a person who may need language assistance, the ways in which assistance can be provided, how to notify LEP persons that assistance is available, any necessary staff training that may be required, and measures to regularly monitor and evaluate the plan that complies with the requirements of DOT LEP guidance.

**Results of the Four Factor Analysis**

Factor 1: The number or proportion of LEP persons in the service area who may be served by Mariposa County Local Transportation Commission.

Mariposa County Local Transportation Commission used available census data from the U.S. Census Bureau 2008—2012 American Community Survey (ACS) to determine and identify LEP populations within its geographic service boundary.

As demonstrated in the table below, it was determined that out of Mariposa County’s census population of 17,755 residents, 5.89% are of Hispanic descent. Of this number, 4.69% speak English “very well” and 1.21% speak English less than “very well”.

All other non-English languages resulted in less than 1% of the population. Based on these ACS census numbers, no LEP group falls outside of the SAFE HARBOR PROVISION of over 5% or 1,000 (whichever is less).

</table>
Factor 2: The frequency with which LEP persons come into contact with the program.

Mariposa County Local Transportation Commission’s staff reviewed the frequency with which Dial-a-Ride staff, dispatchers, and the bus drivers could have contact with LEP individuals. To date, Mariposa County’s Transit Dial-a-Ride system has not received any incoming calls or requests for interpreters and zero requests for translated program documents, resulting in a less than 1% (< 1%) for transportation services.

Factor 3: The nature and importance of the service provided by the program to people’s lives.

Mariposa County is located in the western foothills of the Sierra Nevada Mountains and is exceptionally rural with a dispersed population encompassing approximately 1,463 square miles. The county does not contain incorporated cities. However, three of its communities have been recognized as census-designated areas: Bootjack, Yosemite Valley and Mariposa, with Mariposa established as the County Seat. Other unincorporated towns include Coulterville, Hornitos, El Portal, Midpines, Yosemite Village, Wawona, and Catheys Valley.

The county seat of Mariposa has a population of 2,173. This represents approximately twelve percent (12%) of the county’s overall population, illustrating the rural dispersement of the population. Per the census report, about twenty-one percent (21%) of Mariposa County residents are seniors over the age of 65 (higher than the statewide average of 11.4%), with approximately twelve percent (12%) of the county’s population living at or below the federal poverty level.

To meet the needs of such a diverse and widely dispersed population, many who are seniors, Mariposa County operates a dial-a-ride transit system, informally known as Mari-Go, providing Dial-a-Ride services to the general public by dividing the service areas into North County and South County and also provides medical dial-a-ride transportation services for seniors and veterans locally and to the cities of Fresno, Merced, and Oakhurst via ADA mini-vans, by appointment only, Monday through Friday, based on driver availability and weather conditions.

The South County transit Dial-a-Ride service, operating from the county seat of Mariposa, is a curb-to-curb service with designated routes and service areas on specific days; service is provided between 8:30 AM and 4:00 PM. Regular transit routes operate five days a week (Holidays excluded) area for shopping, health care, public services, etc. with service to the following areas:

- Monday—Hwy 49 North, Hornitos, and Catheys Valley;
- Tuesday—Mariposa to Merced, picking up in the town area and along the Hwy 140 West corridor to Merced;
- Wednesday—Hwy 49 South, Ben Hurr, Indian Peak, and Usana roads, the Ponderosa Basin and Lushmeadows areas;
- Thursday—Mariposa town area (2-3 mile radius of the Mariposa Senior Activity Center); and
- Friday—Hwy 140 East to the Midpines area, Triangle and Carter roads.

Mariposa County Local Transportation Commission, North County, provides transportation service for the communities of Coulterville, Greeley Hill, and the Don Pedro (Mariposa County only) area. Service to this northern part of the county is limited; Tuesdays are designated for the general public, transporting many to the Sonora (Tuolumne County) area for shopping, health care, public services, etc.

Transportation between Mariposa and the Coulterville/Greeley Hill area can be provided if prior arrangements have been made in advance.

Updated: 8/28/20
While, the Mariposa County Local Transportation Commission program is relatively small, it does provide opportunities to the general public for shopping, health care, public services, etc., that enhances the quality of life for adults, seniors, and veterans.

**Factor 4: The resources available to the recipient for LEP outreach, as well as the costs associated with that outreach.**

Mariposa County Local Transportation Commission operating budget does not have a specific line-item for providing language access and outreach. Outreach expenses as they relate to LEP populations are split among several departments depending on which department is responsible for the outreach. Costs for translation of documents is minimal and has not been quantified as noted in Factor 2 as the frequency of contact is less than 1%.

Mariposa County Local Transportation Commission has access to a variety of services and resources that can help in outreaching and providing LEP assistance at low or no cost. Community regionally-based resources include:

- Mariposa County Government Center
- Mariposa Senior Activity Center
- Mariposa County Human Services Center
- Mariposa County Adult Social Services Agency
- Mariposa County Social Services Transportation Advisory Council (SSTAC)
- Mariposa County Local Transportation Commission (LTC) Unmet Transit Needs Process
- Area 12 Agency on Aging Advisory Board—Transportation Committee

The above community resources have been used on a regular basis to assist in identifying needs of the County’s LEP population. They will also serve as a means to widely disseminate transit service information and announcements and notify the LEP population of planned workshops and outreach efforts.

Specific outreach to LEP populations has not been conducted as a reasonably significant number of LEP persons have not been served by this program, as indicated in Factor 2.

Currently, under the SAFE HARBOR PROVISION, the Limited English Proficient population in Mariposa County’s Transit service area does not meet the minimum requirements for mandatory translation of documents. However, Mariposa County will assess the language needs of residents in its service area on an ongoing basis through outreach, workshops, and annual programming surveys. As Mariposa County Local Transportation Commission expands its services and/or ridership, it will review the plans and strategies in place to better reach the limited English speaking populations.
Safe Harbor Provision

The Federal Transit Authority Circular 4702.1B states:

"DOT has adopted DOJ's Safe Harbor Provision, which outlines circumstances that can provide a "safe harbor" for recipients regarding translation of written materials for LEP populations. The Safe Harbor Provision stipulates that, if a recipient provides written translation of vital documents for each eligible LEP language group that constitutes five percent (5%) or 1,000 persons, whichever is less, of the total population of persons eligible to be served or likely to be affected or encountered, then such action will be considered strong evidence of compliance with the recipient's written translation obligations. Translation of non-vital documents, if needed, can be provided orally. If there are fewer than 50 persons in a language group that reaches the five percent (5%) trigger, the recipient is not required to translate vital written materials but should provide written notice in the primary language of the LEP language group of the right to receive competent oral interpretation of those written materials, free of cost.

These safe harbor provisions apply to the translation of written documents only. They do not affect the requirement to provide meaningful access to LEP individuals through competent oral interpreters where oral language services are needed and are reasonable. A recipient may determine, based on the Four Factor Analysis, that even though a language group meets the threshold specified by the Safe Harbor Provision, written translation may not be an effective means to provide language assistance measures. For example, a recipient may determine that a large number of persons in that language group have low literacy skills in their native language and therefore require oral interpretation. In such cases, background documentation regarding the determination shall be provided to FTA in the Title VI Program."

Implementation of Mariposa County Local Transportation Commission’s Language Assistance Plan

Identifying LEP Individuals

As demonstrated in Four-Factor Analysis (Factor 1), it was determined out of Mariposa County’s census population of 17,755 residents, 5.89% are of Latino/Hispanic descent. Of this number, 4.69% speak English “very well” and 1.21% speaks English less than “very well”.
To date, Mariposa County Local Transportation Commission has not received any incoming calls or requests for interpreters and zero requests for translated program documents, resulting in a less than 1% (< 1%) for transportation services.

Language Assistance Measures & Training

Though the results of the Four-Factor Analysis indicate that interpretation services may not be needed at this time, Mariposa County Local Transportation Commission will strive to identify LEP individuals residing in Mariposa County with the usage of the Census Bureau’s Language Identification Flashcards (“I Speak” cards), in the office, on buses, and at any public transportation meetings and/or workshops.
