Notice of Planning Commission Public Hearing

Project name and number: Variance Application No. 2022-288
Applicant: Mark Johnson; Signal Architecture + Research
Property address: 2603 Robin Lane, Wawona, CA
Assessor's Parcel Number: APN 010-510-033

PROJECT DESCRIPTION SUMMARY: The proposed variance is a request for a 10-foot reduction of the front yard structure setback and a 4-foot reduction of the rear yard setback on the property described above. Section A1.1.2E of the Wawona Town Planning Area Specific Plan requires a 20-foot setback from the edge of an easement (in this case the Robin Lane easement) and a 10-foot setback from the rear property line. Approval of the variance would allow for a single-family residence and garage structure to be within 10-feet from the edge of the Robin Lane easement and within 6-feet from the rear property line. The reason for the variance is the difficulty in developing the lot with a residence and garage due to parcel size, shape, topography, and easements.

This matter requires a public hearing and on **May 5, 2023**, the Mariposa County Planning Commission will consider **Variance No. 2022-288**.
