RE: Independent provider contract

Recommendation

It is respectfully requested that the Board of Supervisors: (1) approve a Mariposa County Behavioral Health contract with Joy McClure, LCSW to provide counseling services as an independent contractor for mental health clients who have Mariposa County Medi-Cal and/or Medicare and (2) sign the contract. The contract is not to exceed \$80,000.

Background/Current Situation

This contract is a renewal of last fiscal year's contract approved by the Board on 3/23/2010, resolution 10-147.

Clients will be referred to independent contractors after a) an intake assessment has been completed by Behavioral Health Services staff and b) the Behavioral Health Social Work Supervisor overseeing clinical staff has made a determination that the referral to an independent contractor is appropriate. All independent contractors will work under the guidelines established by the Mental Health Services Contract currently in effect between the Human Services Department and the State Department of Mental Health as outlined in Exhibit A of that contract.

In 2008 the Mariposa County Mental Health Board recommended that the Human Services Department consider contracting out to independent counselors those mental health clients who could benefit from a community counseling setting based on their Global Assessment of Functioning (GAF) ratings. The GAF is a numeric scale (0 through 100) used by mental health clinicians and physicians to subjectively rate the social, occupational, and psychological functioning of adults, i.e.: how well or adaptively one is meeting various problems-in-living. Under these guidelines, the staff of Mariposa County Behavioral Health (MCBH) can refer those clients to an independent contractor. The clients that are to be referred to the MCBH provider shall have a GAF score that is mutually agreed upon by MCBH and the MCBH independent provider. This eligibility is to be decided on a case by case basis.

The purpose behind this recommendation from the Mental Health Board was to shift a less restrictive caseload from county staff to independent counselors. Under an independent contract, a community counselor is able to provide billable Medi-Cal services. This will free up staff resources within the Department which can then be directed to more complex cases and help to reduce waiting lists for services.

Financial

These contract service providers are cost-neutral to Mariposa County because they generate offsetting revenue through the Medi-Cal billing process. These independent contractors are responsible to provide for their own costs. Independent contractors are also able to provide services to private clients for whom they will be responsible to set up a billing and payment system separate from the Medi-Cal population. The Department estimates that county staff will be able to increase revenue to the Department through increased billing, by billing at higher rates for more complex cases, and by increasing the frequency of visits by other clients; therefore, there is no anticipated current or future impact to the county general fund.
