RECOMMENDED ACTION AND JUSTIFICATION: Authorize Sheriff to purchase microwave components for Mariposa Op Area PSIC Technology Project for a Regional Interoperable Mutual Aid Radio System. This purchase will have no fiscal impact to Mariposa County general fund.

Under Mariposa County Board of Supervisors authority, the Mariposa County Sheriff's Office has been participating in a Regional Interoperable Mutual Aid Radio System Project. This project will allow for Region Five Counties and Cities to communicate with each other during times of emergencies where a mutual aid request has been made. Region Five includes the following counties; Merced, Mariposa, Madera, Fresno, Tulare, Kings, and Kern, and all the cities within those counties. This interoperable communication includes; Law Enforcement, Fire and EMS.

Under the terms of the project all purchases must follow the local jurisdiction's purchasing policies and procedures.

The final components to be purchase for the project are the microwave units. A consultant firm was retained to help in the development and purchasing for the regional project. The consultant assisted in the identification of equipment and a vendor that could provide the components needed for the project at the lowest cost.

After reviewing the quote from Right Systems Inc., it was determined that this purchase would need Mariposa County Board of Supervisor approval before a purchase could be made, due to the single item purchase of being above the unilateral purchasing limit.

The Sheriff's Office has gotten three different vendor quotes and has attached them to this action form. Vender, Right Systems was the lowest vender quote of the three. The components that are being requested are specialized and there is no local vender to provide the equipment in the county.

This purchase will have no fiscal impact to Mariposa County general fund.

BACKGROUND AND HISTORY OF BOARD ACTIONS: The Board of Supervisors on past purchases has authorized purchases of this amount.

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION: By not authorizing is purchase it could delay installation of the project and possibly jeopardize fund.
