RESOLUTION - ACTION REQUESTED 2014-595

MEETING: November 25, 2014

TO: The Board of Supervisors

FROM: Charles Mosher, Health Officer

RE: Amended Agreement with Decade Software Company, LLC

RECOMMENDATION AND JUSTIFICATION:

Approve Decade Software Company, LLC Amended Agreement No. 2013-MAR for Fiscal Years 2013-2016 for Data Maintenance Software for the Health Department, and Authorize the Board of Supervisors Chair to Sign the Amended Agreement; Authorize the Health Officer to Sign Future Documents Associated with This Agreement Making Modifications as Needed Until Expiration of the Agreement (Subject to County Counsel Approval as to Form.)

The Health Department has been using the software data program, created by the Decade Corporation, for performing multiple activities relating to various programs for many years. The kinds of data monitored and produced by this program include many of the variables seen by the Board of Supervisors from the Health Department and also processing of permits, billing for permit fees, tracking bills that have been paid or not paid, and processing reports required by the State.

BACKGROUND AND HISTORY OF BOARD ACTIONS:

The Board adopted Resolution #2013-213 approving the original agreement.

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:

Do not approve the agreement. Staff will need to identify another software program to provide the same services (this will be complex and would take at least a year given the broad range of services that this program provides).

FINANCIAL IMPACT:

This amendment increases the cost by \$720 annually (up from \$3,780) and the additional \$720 can be absorbed in current approved budget.
