RECOMMENDED ACTION AND JUSTIFICATION: (Policy Item: Yes ___ No X)

Resolution authorizing the Public Works Department, on behalf of the Yosemite West Maintenance District, to purchase a new Trackless Model MT5 Snow Blower with a used Pronovost P862TRC snow blower attachment on a Single Source Contract from Snoquip of Sacramento.

During a January snowstorm the transmission went out on the old snow blower. The cost to replace it was going to be around \$15,000. The decision was made that the equipment was not worth spending that kind of money. Staff recommended renting a new type snow blower on a trial basis from Snoquip. We ended up with a two month rental commencing February 2 through April 2, 2001 and then extended through May 2, 2001 due to an early spring snowstorm.

Snoquip has offered us the option of purchasing the machine with 80% of our base rental being applied toward the purchase. We have paid \$9,900 in base rental charges, of which \$7,920 would apply toward the purchase. The purchase price is \$64,460 less the \$7,920 which equals \$56,540 plus tax of \$3,957.80 for a total purchase of \$60,497.80. The Yosemite West Maintenance District Advisory Board has unanimously recommended the purchase of the snow blower financed on a 60-month contract with annual payments coming from the Yosemite West Road budget. The old snow blower would be sent to Snoquip to be sold on consignment for whatever price we could salvage. Bids are being solicited for financing and will be awarded to the lowest responsible bidder. The payments are expected to be around \$14,500 annually.

BACKGROUND AND HISTORY OF BOARD ACTIONS:

No previous action has been taken on this item.

LIST ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:

1. Not approve and have staff try to find other possible sources.

COSTS:		(X) Not Applicable
