RECOMMENDED ACTION AND JUSTIFICATION: (Policy Item: Yes \_\_ No X )

Resolution Authorizing Public Works to Sell the Used 1998 Dura Patcher Unit, Model 81DJ to the County of San Bernardino for the Purchase Price of \$22,000 F.O.B. Mariposa.

Public Works purchased the unit in April 1998 to be used in spot patching County roads. The unit was used by the road crew in the summer of 1998 and again in 1999. Since that time, it has not been used. The road crews have not used it because they feel it takes more time to do a job than using a conventional patch truck and is awkward to use. Staff has contacted the manufacturer to find out if they could sell it for us but we were unsuccessful in putting anything together. Staff then contacted counties that currently used this type of equipment and found that the County of San Bernardino was preparing to purchase two more units and was interested in purchasing ours. The money from the proceeds of the sale would go towards the purchase of a new patch truck next fiscal year.

BACKGROUND AND HISTORY OF BOARD ACTIONS:

The Board approved the original purchase during budget hearings in September 1997 and was purchased in April 1998 after five months of testing.

LIST ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:

Do not sell to the County of San Bernardino and direct staff to advertise or send out to auction for an undetermined price.
