## **RESOLUTION - ACTION REQUESTED 2016-197**

MEETING: April 26, 2016  
TO: The Board of Supervisors  
FROM: Tony Stobbe, Public Works Director  
RE: Contract Award for the Triangle Road Reconstruction Project

---

### **RECOMMENDATION AND JUSTIFICATION:**

Approve and Award the Construction Contract to Reconstruct 1.56 Miles of Triangle Road to Emmett's Excavation, Inc., and Authorize the Board of Supervisors Chair to Sign the Agreement.

On October 13, 2015 the Public Works Department was granted authority to solicit bids in conjunction with the Triangle Road Reconstruction Project, which will reconstruct 1.56 Miles of Triangle Road. The Department advertised for bids on this project with bids received on November 10, 2015. The Department received four (4) bids for this project with Emmett's Excavation, Inc. being the lowest responsive bidder with a bid of \$652,422.50.

Due to misunderstandings internal to Public Works, an incorrect contract was prepared in November 2015 with a not-to-exceed amount of \$7,602 although the scope and bid amount was correctly reflected in Exhibit "A" of that document. This erroneous contract amount did not trigger Department processes and procedures to request Board action to approve the contract as prescribed in the authorization given on October 13, 2015 by the Board.

No work has yet been accomplished via this contract, and the bid from Emmett's Excavation, Inc was previously judged to be reasonable. The Department therefore recommends award of this contract, for a total cost of \$652,422.50 and further requests that the Chairman of the Board of Supervisors be authorized to sign the agreement.

### **BACKGROUND AND HISTORY OF BOARD ACTIONS:**

On December 10, 2013, the Board adopted the 2014 Regional Transportation Improvement Program (RTIP), LTC-2013-15, which included funding for the Triangle Road project.

On October 13, 2015, the Board of authorized solicitation of bids for this project.

### **ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:**

The Board could choose to direct an alternative approach to resolving this issue. If the project does not go forward into construction, funding may be in jeopardy.

**FINANCIAL IMPACT:**

**Funding for this project is included in Fund 511 - County Road Projects.**
