

MARIPOSA COUNTY RESOLUTION NO. 88-367

RESOLUTION CONCERNING HAZARDOUS WASTE MANAGEMENT PLANNING

WHEREAS, counties statewide face a serious problem involving potential state preemption of critical local land use decisions on the siting of hazardous waste facilities.

WHEREAS, the intent of AB 2948 is for Mariposa County to plan to meet its own needs for hazardous waste management and to participate in inter-county agreements where appropriate.

WHEREAS, the Department of Health Services (DHS) Guidelines for county hazardous waste management plans appear to go beyond the intent of the Tanner statute (AB 2948, 1986) and would prohibit Mariposa County from limiting the size or type of facilities that can be sited.

WHEREAS, in order to have an approved county hazardous waste management plan Mariposa County may become vulnerable through the appeals process by being forced to accept the siting of any size or type of facility.

WHEREAS, equity is based on managing the county's "fair share" of hazardous wastes, either through local siting approvals or through voluntary inter-county agreements.

WHEREAS, Mariposa County supports the use of voluntary inter-county agreements to structure mutual land use siting commitments.

WHEREAS, The appropriate staff of Mariposa County have worked in good faith to implement AB 2948, and now stand ready to work with the CSAC/Tanner Task Force, as requested.

NOW THEREFORE, BE IT RESOLVED that the Mariposa County Board of Supervisors, a political subdivision of the State of California supports CSAC's efforts on behalf of counties to address problems experienced by the counties in working with the DHS and its interpretation of AB 2948.

BE IT FURTHER RESOLVED, that Mariposa County will work to implement the "fair share" concept and to submit a final hazardous waste management plan that is consistent with the intent of AB 2948.

BE IT FURTHER RESOLVED, that Mariposa County evaluate its procedures for environmental impact reports and general plan amendments, as they relate to AB 2948, and compile and maintain a statewide list of proposed facilities in Mariposa County.
