RECEIVED
NOV 1 1982

BOARD OF SUPERVISORS

DEPT. OF SOCIAL WELFARE
MARIPOSA COUNTY

Dear Chairperson:

In my letter to you dated October 7, 1982, I announced the availability of \$10 million from the State General Fund for child abuse and neglect programs under AB 1733 (Chapter 1398, Statutes of 1982). I am now providing information regarding your county's allocation and the necessary funding criteria and documents related to the implementation of the law.

Allocation

Exhibit A (attached) reflects the \$9,000,000 appropriated for counties, reduced by amounts for statewide training and technical assistance and for State Department of Social Services (SDSS) administrative expenses. The formula for determining the contract amounts is based on various caseload and population measures, with a base amount of \$50,000 per county. After applying a \$50,000 base, the residual was allocated to the nonrural counties by applying a 2:1:1 ratio which reflected each county's proportionate share of:

- (1) Children's Population 0-14 years (weighted 2)
- (2) Child Protective Services (CPS) Referrals Accepted - Children Served (weighted 1)
- (3) Aid to Families with Dependent Children - Family Group Unemployed (AFDC-FG/U Children) (weighted 1)

(Rural counties, as defined in the act, are those having a population of under 125,000.)

Fiscal Provisions

Fiscal provisions of the legislation require that applicant agencies demonstrate the existence of a ten percent (10%) cash or in-kind match of any funds received through the contracts. Additionally, in order for county agencies to be eligible for funding, the county must certify that they are

Fiscal Provisions (cont'd)

continuing to provide 24-Hour Emergency Response services at no less than the fiscal year 1981-82 level. If the county welfare department had no Emergency Response program in place in fiscal year 1981-82, then county public agencies within that county will not be eligible for AB 1733 funds. In the event that county welfare departments receive funding, it is intended that any funds received are to be used in addition to the normal Other County Social Service allocation for the enhancement of child abuse and neglect prevention and intervention projects.

Counties will be eligible for up to the amount specified in Column 2 of Exhibit A for administrative costs. These funds are available through June 30, 1983 for staff activities of the Board of Supervisors or its delegated agent involved in the competitive bidding process and for the costs of administering the contracts once they are let. All funds appropriated and unspent during fiscal year 1982-83 will be carried forward to the subsequent year and annualized through a Budget Act augmentation.

Contract Package

Exhibit B contains the contract package for county allocations. Part 1 of that package is a sample copy of the contract which must be approved by the Board of Supervisors should you decide to administer your county's allocation. Please refer to it for specific responsibilities. The law provides that county Boards of Supervisors have 60 days in which to notify SDSS of their intent to contract with private nonprofit agencies and public agencies to provide services to children at risk of abuse or neglect. Therefore, if your Board opts to administer your allocation, please send a copy of your Board's resolution to that effect to Kay Dugan, State Department of Social Services, Contracts Bureau, 744 "P" Street, M.S. 8-400, Sacramento, CA 95814, by December 29, 1982. Copies of the contract with your county's name and allocation amount filled in may be obtained anytime prior to December 29, 1982 by calling Ms. Dugan at (916) 323-3053. Five copies will be mailed to you for original signatures.

Part 2 of the contract package contains information on third party contracting procedures. Should your county opt to administer your allocation, all of your contracts with agencies will be third party contracts.

Part 3 of the contract package is a form which indicates that you do not wish to administer these funds. If this is your option, please sign and return it to Ms. Dugan by December 29, 1982. If you choose to return your allocation, SDSS will oversee the selection of local programs with priority going to agencies within your county.

Part 4 of the contract package is a certification pertaining to county Emergency Response programs that must be signed by all Boards of Supervisors regardless of whether or not they administer their allocations. The law specifies that county agencies are eligible to participate in the funding

Contract Package (cont'd)

process only if the county continues to expend the same or a greater service level for 24-Hour Emergency Response as it did in fiscal year 1981-82. Please mark the appropriate box for your county on the form and return the signed certification to Ms. Dugan by December 29, 1982.

Key Provisions

Some of the more important aspects of this law to consider in making your decision are that: 1) funding be done on a timely basis - we would like all monies to be encumbered by June 30, 1983; 2) all funding must be done through a competitive process; 3) if established in your county, your Board must utilize multidisciplinary councils to provide you with recommendations for the funding process and priorities; 4) priority for funding is to be given to existing successful programs and to children at high risk; 5) services of funded agencies are to be culturally and linguistically appropriate; 6) geographic equity and services to minority populations must be reflected in the funding of programs; 7) funded agencies must demonstrate broad-based community support; 8) services of funded agencies must be related to the needs of children, especially ages 0-14; and 9) the Auditor General will evaluate compliance with this law. For more specifics, please refer to the enclosed copy of AB 1733.

\$1 Million Appropriation

For your information, in approximately one month, we will be sending our Request for Proposals (RFP) for the \$1 million appropriated by the law directly to SDSS, Office of Child Abuse Prevention (OCAP). Please advise interested agencies to write OCAP at 744 "P" Street, M.S. 9-100, Sacramento, CA 95814, in order to get on the mailing list for this RFP. All interested public and private nonprofit agencies are eligible to submit proposals for these funds regardless of whether or not your county chooses to administer its allocation.

Training and Technical Assistance

It is our intent to contract with the California Consortium of Child Abuse Councils, the Multicultural Coordinating Council for Children and Families, and the California Child Care Resource and Referral Network to provide training and technical assistance to agencies interested in competing for AB 1733 monies and to help successful bidders implement their programs. If agencies within your county desire training and/or technical assistance of this nature, they should contact OCAP for a referral.

Contacts for Information

Questions related to the program aspects of this law should be directed to Gary Matthies, Specialist, Office of Child Abuse Prevention, 744 "P" Street, M.S. 9-100, Sacramento, CA 95814, Phone: (916) 323-2888. Questions regarding

Contracts for Information (cont'd)

the contracting process should be directed to Kay Dugan, Contracts Bureau, 744 "P" Street, M.S. 8-400, Sacramento, CA 95814, Phone: (916) 323-3053. Questions related to fiscal aspects should be directed to Rick Burrows, 744 "P" Street, M.S. 8-100, Sacramento, CA 95814, Phone: (916) 323-0273.

I look forward to working with each of the 58 County Boards of Supervisors in implementing this significant legislation. Together we will bring your communities and the State of California to the forefront of the child abuse prevention field.

Sincerely,

MARION J. WOODS
Director

THIRD PARTY CONTRACTING PROCEDURES

County Boards of Supervisors who select to enter their own contracts shall let the contracts through open competition under the following criteria:

1. If the Board of Supervisors decides to allow county agencies to enter the competition, then the management of the bidding process and selection of bidders shall be carried out independently of the competing agencies.
2. If the Board uses an established multidisciplinary council to assist in funding recommendations, then the Board shall take steps to assure that there is no conflict of interest between council members and the board members and staff of competing agencies.
3. Boards may use either the Invitation for Bid (IFB) or Request for Proposal (RFP) methods of bidder selection. These are defined as:

Invitation for Bid

An IFB is the county's description, in document form, of specific, well-defined services to be purchased, in addition to other contractor requirements. Awards are made to the lowest, responsible, responsive bidder.

Request for Proposal

An RFP is the county's description, in document form, of a specific problem or need in the area of child abuse to which a potential contractor describes an approach to a solution or solutions. Although price is a key factor, the originality and effectiveness of the proposal and background and experience of the vendor are evaluated in addition to the bid price. Selection is made of the agency with the most advantageous solution with the least total cost.

Whichever selection process is used, the bidding document must set forth the full criteria, standards and process involved in making the selection.

4. Boards of Supervisors shall follow Sections 10-202 and 10-203 in the State Department of Social Services (SDSS) Manual of Policies and Procedures in selecting contractors and preparing contracts. This regulations manual is available at the county welfare department. Section 10-203.23, requiring award to the lowest responsive, responsible bidder, is waived for boards who use the RFP method of selection.
5. SDSS shall be consulting, reviewing and approving the county contracting process during the course of the selection, as is now done for most county contracts that use DSS funding. Therefore, boards should send the following to the state as completed:
 - a. The final draft of the IFB or RFP bid documents.

- b. The board's selection of contractors. This should include copies of the bid responses, and a summary of the selection process, which includes reasons for selection decisions. Review time will be saved if the board also includes a copy of the proposed draft contract.
- c. The fully executed contract or contracts.

SDSS will review for approval at each of the above stages. Upon receipt of an acceptable, fully executed contract, the state will issue clearance for claiming contract costs under the SDSS/county agreement.

- 6. Contract materials for review and approval should be sent to:
