THINKING OF NAMING YOUR ROAD?

Mariposa County has established criteria and procedure to follow to name non-County roads that provide primary access to two or more parcels.

What names are appropriate for roads?

Mariposa County has established the following standards for the naming of all non-County roads:

1. Road names shall be developed around significant features in the County which include one of the following:
 - Historical (historical event or name)
 - Botanical (plants – trees, flowers, shrubs, etc.)
 - Zoological (animal)
 - Geological (rock formations, or other natural features)
2. Roads shall not be named after any numbers or letters unless they are related to Standard No. 1 above.
3. The first name of historically significant people shall not be used without including the last name.
4. If a road has already been named, any extensions to the road shall have the same name.
5. The name of the road cannot be the same as an existing County road or any non-County road in the County. For example, Oak Road and Oak Lane are considered the same name, but Blue Oak and Black Oak Road are different names.

How do I get a road named?

Mariposa County requires that an application be submitted to the Planning Department for review. Following receipt of a complete application, the Planning Department reviews the proposed road name for compliance with County Resolution No. 92-541 (attached) and makes a recommendation to the Board of Supervisors. The Board of Supervisors takes final action on the application.

A complete application must include the following:

1. A completed application form.
2. The assessor's parcel map(s) showing the road to be named. The road must be outlined on the map(s). The map(s) may be obtained from the Planning Department free of charge.

200501

3. A signed agreement to the proposed road name from property owners who own a majority (more than 50%) of the parcels served by the road. This includes property owners who do not presently live on the property. All property owners who are served by the road must be contacted even though a majority may already agree to the road name. The application requires that proof be submitted indicating that all property owners have been contacted. Proof must consist of the certified mail return receipt signed by the affected property owner and a copy of the letter sent to the property owner. These property owners must be allowed at least twenty-one (21) days to respond to the road name request application. The County Assessor's office can assist you in finding the names and addresses of all property owners.

Who needs to be contacted?

All property owners who own parcels that have access from the road must be contacted about the road name request application. For parcels that already have a house built on it, the parcel will have access from the road if its driveway encroaches or comes off the road. For parcels that are unimproved or vacant, the parcel will have access from the road if it fronts along the road or is served by an easement that comes off the road.

Will my address change?

Yes. Existing unnamed roads in Mariposa County that are officially named in accordance with County Resolution No. 92-541 will result in a change of the physical street address of the property and also your mailing address if mail is delivered to your street address. According to the post office, a one (1) year grace period is provided to allow for the change of address.

What about the new road name sign installation?

Please contact the Public Works Department at (209) 966-5356 regarding the costs and installation of road name signs; ask for the County Surveyor.

If you have any questions or need assistance with this application, please contact the Planning Department at (209) 966-5151, or visit us at the Mariposa Government Center, 5100 Bullion Street, 1st Floor, Mariposa, California.

- B. Standards for the naming of all non-county roads are established as follows:
 - 1. Road names shall be developed around some historical, botanical, zoological or geological significance as they directly relate to Mariposa County.
 - 2. Roads shall not be named after any numbers or letters, except as they may pertain to Number 1, above. First names of historically significant people shall not be used unless in conjunction with the last name.
 - 3. Where road names have already been established, proposed extensions of said roads shall keep continuity with the existing name(s).
 - 4. The name of the road shall not be a duplication of a name already established for any other County road or non-County road in the County.

On non-County roads which are in existence prior to the submittal of the subdivision, it shall be the applicant's responsibility to contact all property owners having access off of the road in writing and provide verification of such notification to the Planning Department. Prior to acceptance of the application by the Planning Director, the applicant shall obtain written approval of the proposed name by a majority of the property owners served by the road. If the applicants can provide documented evidence that the property owners have been contacted, but failed to respond within twenty-one (21) days of the receipt of the request, then those non-responding property owners shall not be included in computing the majority of the property owners served by a road under consideration for naming. Sufficient evidence is considered to be an executed certified mail receipt. Once a complete application is submitted, it shall be scheduled for action by the Board of Supervisors with a recommendation by the Planning Department.
